

# 1982 Logistics Conference

Dave,

SUBJ: RESEARCH & DEVELOPMENT PROGRAM

As you requested, I have reviewed our file on R&D and it is lacking in documentation since 1979. The documents in the file indicate that RECD has coordinated OL R&D requirements in the past.

Should this action go to RECD or is this an additional task for APS? If so, I will have to get past files from RECD. Suspense is 10 Sep for this ~~next~~ action.

STAT

I would again ask each Dir.
